Public Notice - International Selection Procedure

PhD Scientific Researcher Recruitment

FCiências.ID/2018/DL57/IDL/3

FCiências.ID - Associação para a Investigação e Desenvolvimento de Ciências, through its Chairman of the Board of Directors, hereby announces the opening of an international call for the recruitment of a scientific researcher with a PhD degree, within the scope of Project **OnOff - Coupling onshore and offshore tsunami record: complementary tools for a broader perspective on tsunami events**- with the reference PTDC/CTA-GEO/28941/2017, in the form of an employment contract with an uncertain term, according to the Portuguese Labour Code and Decree-Law No. 57/2016, of August 29th, as amended by Law No. 57/2017, of July 19th, and complementary legislation.

I - Admission Requirements

Portuguese nationals, foreign and stateless persons may submit applications to this selection procedure, provided they hold a doctoral degree¹ in Geology or akin areas, have specialised skills and/or expertise in the field of External Geodynamics (or associated fields), and fully comply with the following requirements:

- a) The PhD must have been granted at least 1 year ago.
- b) Demonstrated scientific and/or professional experience in the area of coastal sediment dynamics using numerical modelling (Delft3d) and in situ measurements, non-destructive sediment analysis techniques (e.g. image analysis), and oceanographic data acquisition.
- c) The candidate must also have experience in the operationalization of oceanographic instrumentation as well as participation in oceanographic cruises and specific training in the areas of Oceanography and Geology of Environment, Geological Risk and Spatial Planning.

¹ Applicants with doctoral degrees obtained in foreign countries need, in accordance with Decree-Law No. 341/2007, of October 12th, as regulated by Government Order No. 227/2017, of July 25th, to be recognized as holders of a doctoral degree, with all inherent entitlements. Applicants to whom, under the terms of Decree-Law No. 283/83, of June 21th, equivalence or recognition of the degree of Doctor has been granted are also valid. Equivalence, recognition and registration of the doctoral degree should be obtained by the application deadline.

II. Applicable Law

1. Decree-Law No. 57/2016, of August 29th, in the wording conferred on it by Law No. 57/2017, of July 19th (RJEC), taking also into account the provisions of Regulatory Decree No. 11-A/2017, of December 29th;
2. Portuguese Labour Code, as approved by Law No. 7/2009, of February 12th, in its current version (CT);
3. Administrative Procedure Code, as published in Decree-Law No. 4/2015, of January 7th, in its current version (CPA).

III. Work Plan

The objectives of the work plan are:

- 1) Development of technical sedimentological skills (field and laboratory) applied to the study of tsunami deposits.
- 2) Development of a tsunami sedimentation model.
- 3) Characterize of the Late-Holocene coastal stratigraphic sequence of the Algarve.
- 4) Comprehension of the geomorphological constraints inhibiting the preservation of tsunamigenic signatures.

And, as specific objectives:

- Apply Delft3D software in specific coastal regions to validate sediment transport models based on field data.
- Participate in the identification of inundation and backwash phases in tsunami deposits, using high resolution sedimentary techniques.
- Conduct field campaigns to collect lithostratigraphic data on areas where tsunami deposits were previously identified.
- Contribute to the establishment of sedimentary sources and sedimentary transport paths in each tsunamigenic event detected.
- Participate in field campaigns, on the Algarve coast, to collect geophysical data (GPR).
- Participate in field campaigns to be carried out offshore with the aim of collecting sedimentary samples.
- Contribute to the maintenance and update of the project webpage.
- Participate in Dissemination actions on the scientific objectives of the project.
- Participate in the webinar to be organized by the project (Final Year 1)
- Write reports summarizing onshore and offshore field campaigns. (Final Year 2)
- Participate in the project meeting with end-users and stakeholders (Year 3)

The work plan is included in task 2 (Onshore depositional record), 3 (onshore erosional record), 4 (offshore depositional record), 5 (numerical modelling) and 7 (outreach) of project OnOff - Coupling onshore and offshore tsunami record: complementary tools for a broader perspective on tsunami events- PTDC/CTA-GEO/28941/2017.

IV. Composition of the Jury

In accordance to article 13 of the RJEC, the members of the jury are:

- President - Doutor Ricardo Trigo
- 1st Evaluator - Doutor Pedro José Miranda da Costa
- 2nd Evaluator - Ana Maria Almeida Nobre Silva
- 1st Alternate Evaluator - Francisco Fatela
- 2nd Alternate Evaluator – César Andrade

V. Place of work

Work will be developed at the facilities of Research Center Instituto Dom Luiz, in Campo Grande, Lisbon, Portugal.

VI. Contract Duration

The full-time employment contract with an uncertain term is expected to start on 1st of February 2019, and will last until the Work Plan referred to in section III is completed. It will have an expected duration of 30 months, with a maximum duration of 6 years, including an initial experimental trial period of 30 days.

VIII. Evaluation of applications

1. Failure to comply with the Admission Requirements implies the non-admission of candidates in absolute merit.
2. According to article 5 of the RJEC, the selection of the candidates approved in absolute merit will rely on the evaluation of their scientific and curricular achievements in the last five years, taking into consideration the quality and relevance of the scientific production, and the professional activity indicated as more relevant by the candidate, for the project.
3. The final classification of candidates is given on a scale of 0 to 100%.
4. Evaluation of the relative merit of candidates, will rely on the following criteria:
 - a) Participation in relevant scientific projects in the area - 45%;
 - b) Scientific publications in the area – 25 %;
 - c) Pedagogical and outreaching activities, in particular in the context of promoting scientific practices, organization of courses, seminars and conferences, in the area – 10 %;
 - d) Assessment of the references provided by the candidate – 10 %;
 - e) Interview, if deemed necessary by the jury - 10%.
5. The jury may decide to interview the three best ranked [in criteria a) to d) of paragraph 4)] candidates, for clarifications and improved explanations of curricular elements.
